boscosoft
Innovate and Lead

Empowering and Transforming Higher Education through Innovative Solutions and Intelligent Automation

About
Boscosoft

Boscosoft Technologies Pvt. Ltd. is a pioneering Catholic IT solutions company with over 25 years of expertise in building transformative digital platforms for the academic ecosystem.

Our flagship product, HiGrade Solutions, is a fully integrated Education Management System trusted by top-tier institutions across India. It streamlines academic, administrative, and examination processes to achieve educational excellence through data-driven decision-making and smart automation.
